

# Mary's River Has Taken One Big Hassle Out of Finishing a Building Project. . .

## Priming.

Mary's River is introducing a new service that is certain to please your customers and their customers. . . Pre-Priming. Using machine coating technology, Mary's River now offers pre-primed, Western Red Cedar Siding, Decking, Boards, and Fencing.

Mary's River Pre-Primed Western Red Cedar siding, fascia, window, and corner trim makes finishing with a quality exterior latex paint a snap. Refer to paint manufacturer's specifications for a particular paint product.

### Specifications

- Product – Olympic® Exterior Alkyd Wood Primer, formulated specifically for tannin rich Red Cedar.
- Color – Cape Cod Gray.
- Coverage – Machine coated all four sides for full protection.
- Siding, Boards, and Facia arrives at construction site ready for finish coat, adding distinction to building projects.
- Labor cost savings – eliminates drying delays.
- Eliminates one of finishing's greatest problems – primer being incorrectly applied and customer dissatisfaction.
- Far superior to spray paint applications...applied with rollers and brushes to achieve accurate and complete coverage.
